INAUGURAL BALL IS GREAT SUCCESS

Everybody who made any pretensions about being interested in baseball or anxious to get acquainted with the Maroons and their ladies, turned out at the old opera-house last night to participate in the grand inaugural ball given by the Bisbee team and visiting Smelter fans as guests of honor. To judge from the turnout, greater portion of the Warren District was there and only the St. Patrick's day ball ranked with it in attendance.

It had been announced that the players would be present in their uniforms but at the last moment they talked and the dress suits were accorded the base as a result thereof. All appeared in evening clothes instead of field togs. The Royal orchestra, augmented for the occasion, rendered pleasing selections to which the guests tripped it merrily almost until morning dawned. Promptly at 8:30 the grand march was begun Mr. and Mrs. G. E. Dalrymple leading. This was followed by a plethora of waltzes, Newport, two-steps and lancers, each dance dedicated to one of the Bisbee players or a prominent fan. "Fan, Fan, Fan," for instance was dedicated to Joe McKeehan. "Oh, You Candy Kid" to Pitchpat Dosu. "Cotton" to Graham, he of the hair that the nearest corresponded to the name. Home sweet home, west to D. A. Donovan and Then We'll All Go Home to Douglas while Take Me out To the Ball Game was to everybody. Lemonade was served by the players assisted by the fans, between dances. The reception committee comprised Joe McKeehan, W. Schwartz, G. E. Dalrymple, James A. Kerwin, M. D. Reitz, Mike Hanson and Sid Brown while the floor was in charge of D. D. Bostain assisted by E. R. Wallace, Jas. Gaudin, Harry Stewart, and others. All in all, the affair was a decided success and those who attended will long remember that the ball boys, riddled of be diamond dust are fine fellows to get acquainted with and "Cotton" to Graham, he of the hair prove excellent hosts.

NOTHING NEW IN RAIL SITUATION

After a visit to Phoenix and Tucson accompanied by Arthur James, of New York, Walter Douglas returned to Bisbee yesterday afternoon. "I have no information to give out concerning any railway building, as no decision has been reached concerning the extension of the Santa Fe to Tucson. A surveying party is still making preliminary surveys and examining the country in the direction of Tucson," was the reply of Mr. Douglas to an inquiry of the Review.

Mr. Douglas stated that he saw many evidences of increasing growth and prosperity in the capital city and in the Salt River valley. The farmers are enjoying an abundance of water for irrigation. The first crop of alfalfa has been cut and the prices of this crop is all that could be desired. Messrs. Douglas and James were in Tucson yesterday morning for a few hours, leaving that city at 11 a. m. Mr. James going on a special train to Cananea and Mr. Douglas coming on home. A touch of rheumatism, or a twinge of neuralgia, whatever the trouble is, Chamberlain's Liniment drives away the pain at once and cures the complaint quickly. First application gives relief. Sold by all druggists.

WOMAN'S CLUB IS INVITED TO DOUGLAS

The Douglas Woman's club has issued invitations to the Bisbee club, for a luncheon at the Country club of Douglas, on Wednesday next. Thirty plates have been reserved and all those wishing to attend will go down on the early morning train, those going will please notify the secretary of the club, Mrs. Hantia as soon as possible. Ten or more in the party can secure reduced rates.

VAN HISE THE SPEAKER HOUSTON, Texas, April 28.—The members of the Northern University Alumni Association are gathered in Houston for their annual meeting. The feature of the meeting is to be the banquet tonight at which President Van Hise of the University of Wisconsin is to be the chief speaker. President Van Hise has chosen for his subject, "Higher Education in the South and West." Chamberlain's Stomach and Liver Tablets will clear the sour stomach, sweeten the breath and create a healthy appetite. They promote the flow of gastric juice, thereby inducing good digestion.
